(53.1 inches)

Width: 65.5 cm  
(25.8 inches)

Depth: 38 cm  
(15 inches)

DRIVEN BY INTUITION. DEFINED BY PRECISION.  
POWERED BY LOGIC.™

## Patient Scanning Sleeve

Boxes containing 25 Scanner Sleeves may be ordered on the iTero Store at [MyAligntech.com](http://MyAligntech.com).

## Hardware Diagnostic and Protective Sleeve

A gray protective and diagnostic sleeve is used to protect the scanning wand between patients and also enables the iTero remote diagnostics program.

## FEATURES THAT IMPRESS

If you're sold on digital impressions, our features will impress you and your staff:

Powder-Free	Yes
Scanning Technique	Wand can hover or rest on teeth
Operation	One-hand scanning by a single operator
Centralized Model System	Precision milled models available
Compatibility	Open STL file can be used with any lab with an open CAD/CAM system

## BENEFITS OF THE ITERO MODEL

Milled polyurethane model
Occlusal relation is scanned and transferred directly to the unique iTero articulator
Soft tissue is retained in the milled model
